

IUPUI

Purdue School of Engineering and Technology Women's Engineering Network

Application for First & Second Year Female
Engineering and Technology Students

The Purdue School of Engineering and Technology Women's Engineering Network matches upper class female students to serve as peer mentors to 1st and 2nd year students.

Your mentor will welcome you to IUPUI and the Purdue School of Engineering and Technology, help you build your network, and serve as a peer advisor.

This mentoring program will consist of biweekly small group sessions, one-on-one meetings as needed, monthly social events, professional development, study tables, and industry speakers.

You will be paired with your mentor at the start of the semester. All mentors and mentees will be invited to a kick-off session early in the semester.

OBJECTIVES OF THE PROGRAM:

- To connect you with the other female students in the School of Engineering and Technology
- To help you balance the expectations of being an Engineering and Technology student
- To provide meaningful and authentic partnerships with other female students
- To expand your awareness of campus resources
- To help you build networks and connect you with your academic program
- To provide a venue for you to process your college experience
- To connect you with student organizations, campus events, and opportunities that match your interests and passions
- To provide career related programming and interaction with professional female engineers
